

Surrealist Drawing Game

WHAT YOU NEED:

Paper
Pencils, paints,
markers etc.
Two or more players

STEP 1

Fold a piece of paper into three sections.

STEP 2

The first player draws a head on the top section of the page*.

STEP 3

The player then folds the page so their drawing is hidden from the next player.

STEP 4

The next player draws the body. Once completed, the player folds the page as above.

STEP 5

The next player draws the feet before revealing the finished character.

* TIP

With each turn, add connecting lines that overlap into the next section. This shows the next player where to begin their drawing.
